

If I Was A Superhero

If I was a superhero
If you were a superhero
I would fight for what is right
You could fight for all our rights
If I was a superhero
If you were a superhero
I would fly all day and night
In your cape and in your tights

If I was a superhero
If you were a superhero
Villains would not stand a chance
Oh they would not stand a chance
I would move as fast as lightening
So courageous and so fright'ning
Lead the baddies in a merry old dance
In your shiny lycra pants!

If I was a superhero
If you were a superhero
I would always do my best
You're the bravest and the best
I'd be a super-duper hero
A simply super-duper hero
With my name across my chest
You could write it on your vest!

If I was a superhero
If you were a superhero
I would need a loyal friend
I would be your loyal friend
Someone brave and so heroic
I am brave and I'm heroic
Someone strong and someone...*Psychic!*
Did you see how I was psychic!

We're dynamic we're a duo
We're fantastic we're a two-oh
Superheroes 'till the end of time.
Five and four and three and two and one,
and zero!

Marvellous, wonderful
That's when we work together
We're super, fantastical

We're strong and we're forever
We're awesome and magical
We're solving things together

We're saving the world and getting back home for tea.
Batman and Robin should stay home a-sobbin',
Superheroes you and me!

If I was a superhero
If you were a superhero
I would be invincible
You could write it on your hat
If I was a superhero
If you were a superhero
I could turn invisible
Wait a minute, who said that!

If I was a superhero
If you were a superhero
I would be a master sleuth
You could seek and find the truth.
I would always get the answer
When you spin round like a dancer
With my shiny gold lasso of truth
Are you sure it's waterproof?

If I was a superhero
If you were a superhero
All the villains I'd outfox
You're much stronger than an ox
I would use my x-ray vision
That could help you on your mission
I could change in a phone box
Don't forget to change your socks!

If I was a superhero
If you were a superhero
I would swish and sway my cape
Would a towel do at a scrape?
We're amazing, we're avengers
And we have the best adventures
Superheroes 'till the end of time!
Time to sing the chorus once again.
Let's go!

Marvellous, wonderful
That's when we work together

We're super, fantastical
We're strong and we're forever
We're awesome and magical
We're solving things together

We're saving the world and getting back home for tea.
Batman and Robin should stay home a-sobbin',
Superheroes you and...

Wait! We need a bigger finish!
You mean a superhero finish?!
Superheroes
Superheroes
Till the end of time.
In our shiny lycra pants!
