

YEAR 4 - AUTUMN ONE

Sparks Might Fly!

The Big Picture: We will be investigating the nature and power of electricity.

Seeking to nurture..

Self-belief CourAge ResIlience AmbiTion Harmony

Learning to Learn!

We will continue to develop our abilities to:

*Enquire
Think
Imagine
Create
Explore
Collaborate
Reflect*

In English...

We will continue with Literacy and Language, studying a range of poetry, before moving on to study journalistic recounts. During this half term we will be reading and listening to a range of quality children's poetry.

In Maths...

We will be following a regain curriculum to help children catch up with work missed during the summer term. This will include looking at whole numbers up to 1000 (through rounding, comparing and ordering). After this, we will be practising addition and subtraction.

In Computing...

We will investigate graphing, before learning about coding.

In Music ...

We will develop our skills with the ukulele.

In PE ...

We will focus on keeping our minds and bodies healthy by increasing our stamina and endurance.

In PSHE...

We will be discussing healthy lifestyles in the context of the current pandemic .

In RE ...

We will be studying David, God and the Psalms.

In Science...

We will be investigating electricity, making our own simple series circuits and conducting a variety of associated fair tests.

"Stand firm... be courageous" 1 Cor 16:13
