MONDAY - SPELLINGS AND PERCENTAGE SHEET

TUESDAY - MATHS CGP

WEDNESDAY - SCIENCE

THURSDAY - MATHS CGP

FRIDAY - ENGLISH COMPREHENSION

APRIL — MAY 2021

Two Half Terms to go!

READING - There is no doubt that readers find writing easier as they have a greater bank of ideas from the stories they have read. Reading also aids spelling as you see the words more often and are therefore more likely to spot mistakes in your own spelling.

SPELLING - The children will bring home the spellings that they have been learning in a spelling log book and they will be encouraged to share these at home with you.

MATHEMATICS - This term we will be studying the following areas in Maths:

Science Biology - ecosystems
History Anglo Saxons and Vikings

Moving on Up!

In this term we will be preparing your child for Secondary School. Part of our preparation will be aiming to get to Age Related Expectations in Maths, Reading

Percentages, Algebra, Measurements (including converting units of measurement), area and perimeter, ratio and proportion as well as Geometry and direction. Phew!

As well as looking at the above areas of Maths we will be brushing up our skills on the four rules of arithmetic multiplication, division, addition and subtraction.

The children will also be bringing home their own Maths homework book with a clearly defined schedule in the front. They should complete the required sections each week

Comprehension and Writing. This year there will be no Government SAT tests but I am certain that you along with me want your child to be academically 'ready' for the challenges that Secondary School will bring. Alongside the traditional Summer Activities for Y6 children - Sport, the School Play

as part of their homework and then return the booklet to school once a week.

TIMES TABLES -Please learn them they are ESSENTIAL!!!!!!!

KNOWLEDGE ORGANISERS - This A4 document will equip your child with the knowledge, vocabulary and key learning for specific topics.

This term your child will be using Knowledge Organiser in Science and History. Please read through it with them as we will be using this as the basis for our assessments.

and hopefully Robinwood we will continue to improve our 'Key Skills'. I reiterate we want to ensure your child has a smooth transition to Secondary School so they succeed in the next phase of their schooling.

SPECIAL DATES

Robinwood - 23rd - 25th June!

I am really looking forward to the new term with you and we have lots of interesting learning for the children however, should you have any questions please do not hesitate to ask. Mr Cross
