What can you do to help your child stay safe?

Children	Parents
•Share what you are doing with your parents.	•Ask children to show you what they are doing.
•Think about the information you put online, it could affect your life later on.	•Find out what your children are sharing online.
•Think before you click.	
•Consider how you speak to people online.	
•Set privacy settings.	•Ask about their online friends and how they know them.
•Delete any friends you don't know.	
•Never use a webcam or video chat when talking online unless your parents say you can.	•Set family friendly controls
•Keep evidence	•Check your own privacy settings
•Do not meet people you met online unless you go with a trusted adult	•Be a role model
